

Monday 25th November 2019

Dear Mums, Dads and Carers,

Winter Decorations Morning and Non-Uniform Day - Thursday 5th December 2019

Every year St Paul's Infant School and North Borough Junior School join together in early December for Christmas/winter fun. On Thursday 5th December, we will be splitting the children into classes vertically from Reception class to Year 6, to spend the morning completing craft activities. This means in every class at St Paul's and North Borough, there will be children of all ages working together to design decorations, which they will be able to take home at the end of the day. Where possible, we have grouped siblings from both schools together, to share the experience and have a morning working together. Children will be informed of the class they will be moving to on the day.

After morning registration, children will be escorted to the class they will be spending the morning in, returning to their own classes at 11am. We have planned for the children to spend their morning break at the school where they will be completing their morning activities. The children will be supported by adults from both schools at playtime.

Children are invited to get into the Christmas/winter spirit by wearing their own clothes, (including **Christmas jumpers** if they wish) to school on this day if they choose. If you have any questions, please speak to your child's class teacher.

Yours faithfully,

Mrs J Chiverton and Miss J Oakley
Headteachers
